

The Guardian Gateway Crystal Altar
Black Tourmaline

I open my heart to the energy of Black Tourmaline.

*I connect with the Black Tourmaline on the surface of our world
I connect with the Black Tourmaline beneath the Earth
and I connect to the spirit of Black Tourmaline within me.*

*May the energies of empowerment; stability;
and safety fill my being and my world*

*As I release what doesn't serve me
and rise to express my Soul Purpose in joy.*
